POWER: We all want things to go our way. We want the power to make things happen. The best way for us to get power is through learning. The more we know the more power we have. We want our children to become strong so they can control their lives. They become strong by learning about the world. Children need to learn about power every day; this is a goal to help them stay focused and have good control of their behavior and life.

From the Principal's desk...

*February lunch forms are due now!

*Please see the enclosed flyer about our wonderful celebration of Catholic Schools Week which begins on Sunday with our Open House and Sports/Boosters brunch. The committee has planned many fun activities for our students!

*Please send in food for Sunday's brunch, see the enclosed flyer for what they need. Thanks!

*We also need volunteers to help with the lunch hour on Friday, Feb. 3. I like to have a faculty luncheon for the teachers, so they all can enjoy lunch together. If you can help out 11:00-1:00 please call the school office and let us know. Remember to thank your child's teacher on that day for all they do for your children!

*On Friday 2/3 at 1:45 we will have the second quarter awards and a closing prayer service in the gym.

*We are starting to do new registrations for next school year beginning Feb. 1st. Please if you know of any new families tell them to call the office and we can send them information to begin the registration process; let them know about our open house on Sunday also.

*We had our visit from our Superintendent from the Diocese, Mr. Frank Kuhar last week. He loves St. Jerome School! He is always impressed with our building, our faculty and our awesome students! We passed all of the necessary paperwork he was looking for, his comment to me was, "It is so calm and peaceful in your school." That is quite a compliment to my staff and children! Thanks for helping us instill great qualities in the children you send here to us each day.

*If you would like to help get tuition credit by working the Indians Games, now is the time to register. Please contact our parent rep Mrs. Hyneman at 486-9766 for information or contact the Indians at :

Casey Hatcher: caseyfitz@simpsolutions.com

*Please support our Penny War that is going on this week. Also please send in any toiletries, soap, shampoo, toothpaste, etc., so we can send the donation to a Homeless Center. We are a school of service, faith and academics; these two projects help with our St. Jerome Mission.

*Please stop in and sign your Cleveland Scholarship Voucher check. Thanks!

*Tooting our horn”....

*Every day I am so impressed what goes on in our building...

*Mrs. Mc Cloud our Junior High Language Arts teacher had our students enter a writing contest at Magnificat High School. One of our young ladies , Sophia Lasley-Uzomah was a winner in the contest with her short story; great job and congratulations to Sophia!

*Our fourth grade and Mrs. Polito are writing narrative poetry at this time. Here are three selections from two students.

Jodie

Tall, handsome, strange, and smart.

Sibling of Johnathan.

Lover of Adventure Time and Wonder Years,

Who fears nothing.

Who needs everything in the whole wide world.

Who gives Jesus love and care.

Who would like to see Paranormal Activity 4.

Resident of Lakeshore Boulevard.

Alontaye

Look where you are, follow the star.

Get in the car.

Come follow me.

When we get to Hollywood you will be happy as can be.

In Hollywood, we get in the pool.

Come on, let's be cool.

Look at the bees, they fly in the air.

Come, let's go to the fair.
