- A gentle reminder – It is very important to be on time in the morning. Tardiness is disruptive to the class and stressful for your student if they are starting the day "behind".
- Our students are participating in "***Jump Rope For The Heart***" which ends on March 19th. Promoting physically active lifestyles to our children is more important than ever. Overweight children are at risk for significant health problems during their youth and as adults. Jump Rope for the Heart is a national fund-raising event created by the American Heart Association and the American Alliance for Health, Physical Education and Dance. The rope-jumping event encourages elementary students to join other students nationwide to fight heart disease and stroke. By raising funds for the American Heart Association, participants learn about community service and become engaged in learning more about how to care for their bodies and establish heart-healthy lifestyles at a young age.
- Attention Basketball families: some of our teams are continuing to work out even though the season is over. We are asking ***please do not drop your students off early for these sessions.***
